

ENGINEERS WITHOUT BORDERS-USA
CHICAGOLAND PROFESSIONAL CHAPTER

Meeting Summary General Chapter Meeting

Date: Tuesday, January 26th, 6:00-7:30 PM

Location: UIC Student Center East, 750 S. Halsted St., Monarch Room on 3rd Floor

The following items were discussed:

1. Welcome and Introduction – Pat Miller
2. Las Cruces, Guatemala Flooding Project
 - Members of the project team presented details of the project and discussed the results of their assessment trip in September, 2009
3. Canchias, Honduras Bridge Project
 - Scott Eshleman discussed the current status of the project.
 - The project team hopes to complete fundraising and work on implementation in early summer, 2010.
4. Chapter Updates
 - Treasurer’s Announcement – John McDonald presented details on current chapter funds and balances for each project.
 - Project and Committee Opportunities – Pat Miller discussed opportunities for chapter members to serve on project teams and to serve on the various committees within the chapter.
5. Kenya Project – The chapter will be considering a new project to provide water to a village in rural Kenya. The project has been approved by EWB USA and they are looking for a chapter to adopt it. The project will be presented at the next Projects Committee meeting on February 9th. If approved, it may be presented for final chapter approval at the next general membership meeting.
6. International Conference
 - The EWB USA international Conference will be held March 18th-21st 2010 in Denver, CO!
 - Visit the EWB USA website for additional details.
